Director of Security

Director of Training

Briefing of JOT Wives

1. I am submitting for your consideration a proposal, in the form of a memorandum to me from the OTR Orientation Officer, to establish an unclassified, but official, dependents' briefing for the wives of Junior Officer Trainees. I am convinced that it would be to the advantage of the Agency to present such a program, without posing any security problems.

2. This proposed briefing, which I wholeheartedly endorse, is described in great detail in the attached memorandum.
